

General Information

The I-25 High School Hockey League is open to all High School Freshman through Seniors and Midget age * hockey players in Colorado. The league provides an opportunity for both High School Hockey players and Midget Club players to participate in a hockey program with an emphasis on playing games. High School Hockey Players will benefit from the ice time, sharpening their skills to help prepare for the High School Hockey season, while Midget Club players will enjoy the benefit of a program that combines the best hockey players in our region into one program.

* Midget Age as defined by USA Hockey

I-25 High School Hockey League

Mission:

Offer High School and Midget Hockey Players the opportunity to participate in a program that provides a quality hockey experience emphasizing game play and sportsmanship

What is this program?

The I-25 High School Hockey League is open to all High School Freshman through Seniors, and Midget age club players in Colorado. Historically, High School Hockey players also participate in club hockey programs. In past seasons, many High School Hockey Players have played a full season of CSAHA In-House or Club Hockey in addition to playing for their High School Teams.

The I-25 High School Hockey Program is structured to allow High School Players with an early season option or a mid season option by scheduling events on Sunday evenings and 1 weeknight to minimize conflicts with High School Hockey programs. Realizing that conflicts in scheduling do occur, High School Hockey events are always a higher priority and the I-25 High School Hockey League Leadership understands and supports all our High School Players.

The I-25 Hockey League Offers 2 Options
